

Health and Safety Policy Statement

The following is a statement of the organisations health and safety policy in accordance with Section 2 of the Health and Safety at Work etc. Act 1974.

It is the policy of The Keystone Company UK Ltd T/A Kinorigo to ensure so far as is reasonably practicable, the health, safety and welfare of all employees working for the company and other persons who may be affected by our undertakings.

The Keystone Company UK Ltd T/A Kinorigo acknowledges that the key to successful health and safety management requires effective policy, organisation and arrangements, which reflect the commitment of senior management. To maintain that commitment, we will continually measure, monitor and revise where necessary, an annual plan to ensure that health and safety standards are adequately maintained.

Gavin Worsley will outline the companies' health and safety policy and recommend any changes required. Kinorigo recognises the successful business performance and will allocate adequate finances and resources to meet these needs.

All employees have duties under the Health and Safety at Work etc. Act 1974 and are informed of their personal responsibilities to take due care of the health and safety of themselves and to ensure that they do not endanger other persons by their acts or omissions. Employees are also informed that they are legally obligated to comply and cooperate with the company to meet the legal requirements placed upon it for health and safety. The Keystone Company UK Ltd T/A Kinorigo will ensure continued consultation with the work force to enable cross communication, opportunity for all to influence best practise, opportunity to raise and resolve any concerns.

The organisation will ensure a systematic approach to identifying hazards, assessing the risk, identifying control measures, documentation and reporting procedures needed to maintain a safe working environment.

We will as so far as reasonably practicable, safe places and systems of work, safe plant and machinery, safe handling of materials and substances, the provision of adequate safety equipment and ensure that appropriate information, training and supervision is given.
